ASHBY HOUSE ROOF

After the August rains we discovered that the roof of the Ashby House will need to be replaced within the next year and needed urgent repairs. Thankfully Nail It Roofing stepped in to keep us dry through the winter.

Please scan the QR Code to contribute to the repairs or to the replacement of the roof.

Thank You!

GREETINGS FROM THE EXECUTIVE DIRECTOR

Hello!

I hope you enjoy reading about some of our accomplishments here at New Morning. In addition to running the youth shelter, we have also been ramping up the Latino Outreach Program to serve our clients both on the Western Slope and now in the Tahoe Basin with the help of the South Lake Tahoe Family Resource Center.

The Ashby House Shelter has been very full this fall and the new expansion space is continually in use for study and for meetings. **We are happy to offer tours to individuals or small groups and would welcome the opportunity to show you the facility. Please call us at 530-626-4190 to schedule a visit!**

New Morning would not be able to do such good work for the community without our supporters and I want to thank each of you. We rely on our volunteers, those of you able to contribute either money, goods or services, and those of you who have directed an at-risk youth to our door for help. Together we are making a difference.

Warmly,
Kristen Patterson

NM Kids Join Golden Eagles for Basketball

Several New Morning kids joined local youth team the Golden Eagles managed by NM Case Manager, Tracy Bunch, when the team played the El Dorado Probation Department on September 20, 2023. NM Clinical Director, Karen Cook was there to cheer the team and the game was featured in the Mountain Democrat the following week!
